|----------|-----------------------------|------|----------|--------------------------------------|------|
| ①        | dual-motor transaxle        | 1    | ⑱        | fixed bolt                           | 4    |
| ②        | caution light               | 2    | ⑳        | driving wheel                        | 2    |
| ✓③       | battery switch(1)           | 1    | ㉑        | the upper panel                      | 1    |
| ④        | fixed plate                 | 2    | ㉒        | tensioning wheel                     | 2    |
| ✓⑤       | key lock                    | 1    | ㉓        | the panel for controller             | 1    |
| ✓⑥       | battery switch(2)           | 1    | ㉔        | mounting plate for controller        | 1    |
| ⑦        | support plate               | 2    | ✓㉕       | remote-control unit                  | 1    |
| ⑧        | track                       | 2    | ㉖        | battery                              | 1    |
| ⑨        | dust cover                  | 16   | ㉗        | charger                              | 1    |
| ⑩        | bearing (6304)              | 16   | ㉘        | charging port                        | 1    |
| ⑪        | bearing wheel               | 6    | ㉙        | tensioning support                   | 2    |
| ⑫        | electric-hydraulic push rod | 1    | ㉚        | the front panel                      | 1    |
| ✓⑬       | controller(1)               | 1    | ㉛        | car hopper                           | 1    |
| ✓⑭       | controller(2)               | 1    | ㉜        | mounting plate for ball hitch(front) | 1    |
| ✓⑮       | push rod controller         | 1    |          |                                      |      |
| ⑯        | voltage converter           | 1    |          |                                      |      |
| ⑰        | light                       | 2    |          |                                      |      |
| ⑱        | damping block               | 2    |          |                                      |      |
