

PVC / VINYL FENCE

Our PVC/Vinyl Fence factory was established in 1993, is the leading manufacturer of plastic building materials in China. Located at the most beautiful city, Hangzhou, the factory has 30 profile extrusion lines, more than 200 workers and 30 engineers to produce 50,000 tons fence profiles annually.

With high quality characters of UV-stable, Eco-friendly (lead-free) and life-time guarantee, our fence products have been exported to America, Canada, Australia, European countries and build a good reputation in the industry. We supply various fence styles including ranch (horse) fence, picket fence, privacy or semi-privacy fence, etc. Plus, we have enough technical support to develop and produce new fence style for our customers.

We execute strict quality control policy to guarantee our fence products reach the highest international standard. We check every detail from raw material to finish products and have obtained ISO9001 and ISO14001 certificates.
